

Physics of Living Systems Education Meeting

Johns Hopkins University | March 1st, 2019

Charles Commons Salon A

AGENDA

- 8:30 a.m. Registration and breakfast
- 9:00 a.m. Welcome
- 9:05 a.m. **Zaida Luthey-Schulten** - University of Illinois at Urbana-Champaign
Challenges in Physics of Living Systems Education
- 9:45 a.m. **Joachim Spatz** - Max Planck Institute for Medical Research
Matter to Life Training Program across the Max Planck Institutes
- 10:35 a.m. Coffee break
- 10:50 a.m. **Corey O'Hern** - Yale University
The Integrated Graduate Program in Physical and Engineering Biology at Yale University
- 11:40 a.m. **Daniel Riveline** - Université de Strasbourg
Cell Physics Master International Program in France
- 12:30 p.m. Lunch banquet and picture
- 1:40 p.m. **Simon Mochrie** - Yale University
Physics for the Life Sciences Re-imagined: What and How
- 2:30 p.m. **Wolfgang Losert** - University of Maryland
The Nexus Physics Labs
- 3:20 p.m. **JC Gumbart** - Georgia Institute of Technology
Five years of broadening PoLS education at Georgia Tech
- 4:10 p.m. Outreach and Science Communication Demonstrations
Dorottya Noble, JC Gumbart, Andres Arango, Leonard Campanello, Yuhuan Wang, Angela Barragan

Sponsored by:

The National Science Foundation Physics of Living Systems (PoLS) Student Research Network (SRN)

Center for the Physics of Living Cells (CPLC) University of Illinois at Urbana-Champaign

Johns Hopkins University
